Actual artificial-interface stencils — includes extra evolved copies
Two rows per interface; physical locations differ across meshes
Oblique field: outer evolved core rows
Oblique field: outer evolved shell angular rows
Radial field: outer evolved core rows
Radial field: outer evolved shell angular rows
Hessian tensor RMS error
Shell intervals per block n
12
16
24
Cube-to-sphere, no overlap
Spherical: core L3, shell L3
Spherical: core L1, shell L3
Interpolated ghosts
Exact analytic ghosts
